

External Third-Party Meetings at Texas RE

The Texas RE Conference Center is available to certain electric industry groups to hold not-for-profit meetings at no charge. The Conference Center can hold up to 104 attendees in classroom-style setup, or can be broken into three rooms for smaller-scale meetings.

Combined or separate, all rooms feature:

- Large TV screens in each room: Live Oak and Pecan each have four and Mesquite has two. When rooms are combined, all 10 screens may be used.
- Microphones that are integrated to the phone system for better audio over webinar.
- Guest Wi-Fi.

Guidelines for external third-party use of the Conference Center:

- Electric industry group meeting must not be for profit, or for marketing or business development purposes.
- Duration, number of attendees, and benefit to Texas RE will be considered when evaluating a request.
- Interested parties should submit the [Request for Use of Texas RE Conference Center form](#).
- Texas RE will review the request and respond in a timely manner.
- Texas RE reserves the right to decline any meeting request at its discretion.
