Attention Registered Entities

Texas RE (under guidance from NERC) is adjusting procedures that normally include on-site activity with registered entities. Texas RE understands the challenges presented by current circumstances and will implement online meetings whenever possible and/or maintain flexibility for scheduling and deliverable timelines. Please make Texas RE aware of any newly implemented company policies that could impact compliance monitoring, reliability services, or enforcement processes. If a staffing limitation will impact your ability to efficiently facilitate any Texas RE process, we will collaborate with you to determine appropriate next steps.

To contact Texas RE call 512-583-4900, or email Information@TexasRE.org. For specific inquiries see our [Contact Us](#) page.
