# Phase 1: ROP Changes

“Generator Operator” means the entity that: 1) operates generating Facility(ies) and performs the functions of supplying energy and Interconnected Operations Services (Category 1 GOP); or 2) operates non-BES inverter based generating resources that either have or contribute to an aggregate nameplate capacity of greater than or equal to 20 MVA, connected through a system designed primarily for delivering such capacity to a common point of connection at a voltage greater than or equal to 60 kV (Category 2 GOP).

“Generator Owner” means an entity that: 1) owns and maintains generating Facility(ies) (Category 1 GO); or 2) owns and maintains non-BES inverter based generating resources that either have or contribute to an aggregate nameplate capacity of greater than or equal to 20 MVA, connected through a system designed primarily for delivering such capacity to a common point of connection at a voltage greater than or equal to 60 kV (Category 2 GO).

## Phase 2: Identification – Timeline Information

## Phase 2: RFI 1 – Gathering Contact Information

# Contact Information

- **Request for Information (RFI) sent to all Transmission Owners and Balancing Authorities**
- **Identification of facilities**
- **Contact information for owners and operators of those facilities**

## Phase 2: RFI 2 – Identification & Prep for Registration

# Necessary Data for Registration

- **Generator Owner (GO)/Generator Operator (GOP) Asset Verification Form**
- **One-Line Diagram(s)**
- **Interconnection Agreement**
- **Resource Asset Registration Form (RARF)/Resource Integration and Ongoing Operations (RIOO) Information**
- **O&M Agreement(s) (if applicable)**

# Phase 3: Registration – Numbers by Region

Regional Entity	Number of IBRs	MVA
MRO	110	4,454
NPCC	50	1,752
ReliabilityFirst	73	3,572
SERC	171	9,881
Texas RE	34	1,792
WECC	282	10,725
<b>TOTAL</b>	<b>720</b>	<b>32,176</b>

## Numbers are still fluctuating:

- New projects interconnecting
- Cancelled projects
- Misidentification during RFI1
- COD after May 15, 2026
- Shared Point of Interconnection (POI) with other resource

# Phase 3: Registration – Timeline Information

**July 2025: Changes implemented in the Centralized Organization Registration ERO System (CORES)**

**August 2025 – May 2026: Document verification and registration approval**

**NERC will send a letter when the registration is approved, but Category 2 IBRs will not be listed on NCR until May 15, 2026**

# Phase 3: Registration – Letter Template

1.3 NERC and the Regional Entities shall use the following rules for establishing and maintaining the NCR based on the Registration criteria as set forth in **Appendix 5B Statement of Compliance Registry Criteria**:

1.3.1 NERC shall notify each organization that it is on the NCR. The Registered Entity is responsible for compliance with all the Reliability Standards applicable to the functions for which it is registered from the time it receives the Registration notification from NERC.
